## **PLEASE NOTE**

Our range of products has grown over time (and continues to expand!) so there will always be items that are not listed including items like Christmas decorations and ornaments.

Inevitably, some of the items in our price list have not been photographed or do not feature on our website. This may be because the item is in limited production and we haven't had a suitable opportunity to photograph it yet. We have also discovered that having a photograph and making it suitable for the website are two quite different things. In time, we aim to upload photographs of all products but in the meantime, if there is a particular item you need more information about, do please drop us a line by e-mail. (See the 'Contact us' page of the website)
